1. How to add more receivers

One emitter can be paired up to four receivers. By default the product includes one receiver paired to the emitter. To add more receivers follow these steps:

1. Plug the receiver into the device you want to control (PC or compatible tablets and smartphones).

To plug the receiver into compatible tablets and smartphones use a USB-OTG cable.
(See which tablets and smartphones are compatible in section 3 of this guide)
Fig. 1:

2. Press the pair button in the receiver. The red LED in the receiver will blink twice, stop for 1 second and blink again.

Pair button

3. Press the pair button in the emitter.

4. When emitter and receiver are paired, the red LED of the receiver and the green LED of the emitter will be on for 2 seconds.
Pairing a fifth receiver will delete the first paired receiver and so on.

2. How to toggle among receivers

See section 2.7 in the user manual for instructions about how to alternate among different receivers.

3. Technical characteristics

- o Plug and Play USB 2.0 device
- o Pairing button.
- o Size: 51 x 26 x 14 mm.

4. General information

Maintenance

Clean the product with a slightly damp cloth. Always do it with the device unplugged.

If your unit does not work properly, do not manipulate it and get in contact with your distributor

Disposal

Waste electrical products should not be disposed of with household waste!

Dispose of the waste product via a collection point for electronic scrap or via your specialist dealer. Any unauthorized tampering with, or modifications to the product will annul this warranty.

Warranty

Within the statutory warranty period we undertake to rectify free of charge by repair or replacement any product defects arising from material or production faults.

Any unauthorized tampering with, or modifications to the product will annul this warranty.

Conformity

This product complies with the essential requirements of the Directive 2004/108/EC.

The Declaration of Conformity can be downloaded from the product's webpage at www.bjliveat.com.
