

Wobble Switch

BJ-106

Activate it in any direction

This switch consists of a padded bar 11 cm long that can be **moved in any direction**.

Switches are devices equivalent to a push button and can be connected to different devices equipped for their use, such as some communicators, mice, toys and other adapted devices.

It is specially designed for people with limited movement control.

- 2m cable output with 3.5 mm mono jack plug (switch standard)
- Rod length: 11 cm
- Size (excluding rod): 72x30x30 mm
- Attachment screw: 1/4 inch, Whitworth threads
