

Spotlight

BJ-EI03

Create color zones

The spotlight can **illuminate a specific area** of the room in the color of your choice.

Create themed environments like diving into the sea, spending a day on the beach or walking in the forest.

Make the lights change with the music or with your own voice.

Compatible with the sensory SHX System.

- DMX RGB spotlight PAR 56,5 DMX channels, 108 LEDs of 10 mm.
- 2 m cable with XLR connectors
