

Vibroacoustic relax chair

BJ-BUTV

Enjoy the acoustic vibration on this easy chair

This cosy armchair has been designed to make you feel at ease while **the vibration of the music and sounds runs through your body.**

In addition to our modular furniture, we also offer very interesting resources such as this individual chair with armrests for comfortable and correct positioning.

Sensory chairs and sofas provide an excellent opportunity to sit down, relax and enjoy, as well as for all kinds of **educational and therapeutic interventions**. Being comfortable, in the right position, and with the activation levels adjusted to every activity is key to wellbeing.

Feel the music softly caressing your body to the rhythm of the music!

Features:

Detachable arms

Seat made with viscoelastic memory foam.

Ergonomic reclining backrest up to horizontal position

The backrest reclines with the weight of the body. Returns to the original position when no weight is applied

Legs in varnished beech.

Upholstery with vinyl M2 fireproof fabric
