

Snuggle Bag Anchor Support

BJ-EVSBF

Anchor support for the Snuggle Bag

This Anchor Support is necessary for the [Snuggle Bag](#) to firmly hold up.

The [Snuggle Bag](#) surrounds the user putting him in a fetal position and allowing swinging and rocking.

It provides **multiple benefits for the proprioceptive and vestibular areas**; and it is optimal for its use at home, hospitals, kindergartens, schools, as well as sensory rooms.

Besides, it **helps with emotional regulation** affecting very positively to its users and providing them with great sense of security and calm.

Click [here](#) for finding more about the Snuggle Bag and its different sizes and weights allowed.

Independent of the ceiling you have, you still can hang the snuggle bag very easily. Ask us for the [False Ceiling Extension](#) **in case you have a suspended or false ceiling.**

Snuggle Bag not included.

This anchor supports the three sizes related to three different weights of snuggle bags, being suitable for supporting up to 80 kg.
