

Circular Luminea Sky

BJ-LCCFIB

Stunning effect of luminous stars on the ceiling

The fibre optic ceiling creates an amazing effect of **shining stars**. **The stars change color randomly to create a magical effect that is** ideal for working on **color recognition** and for activities that boost communication.

Supplied with a mounting board measuring 200 x 100 cm, a **lightsource and fixing screws**.

Interact with light as never before

Our **Luminea sky** can be used along with a [6 button](#), a [giant die \(Sensory Cube\)](#), a [colored mat \(Sensory Step\)](#), the [switch](#) that you want, or even with the [Luminea App](#) (available for downloading) to control the colors of the sky in a unique way.

Luminea App **allows the user to control one or several [Luminea devices](#)** and also **includes dozens of built-in activities**. The interactivity of the App helps us to achieve diverse therapeutic and/or educational objectives. Use the fun and creative activities we have provided or easily create your own activities with this App. It's limitless!

Multiply its possibilities

Besides being part of a small sensory room, **Luminea sky** can also be part of the [SHX System](#) as part of a more complete **multisensory environment**, which multiplies the interactive possibilities within an integrated system that incorporates the remaining devices within the room, **including projection, sound**, vibration, etc. All the functionalities that the SHX system offers, such as **voice control, eye gazing**, use of various controllers including the SHX Mat, SHX Die, Button 6 and other access devices are also possible with our Luminea sky.
